D Scale Durometers Measure the hardness of pipeline coatings, plexiglass, epoxy, vinyl, cellulose acetate, and other similar materials.

The Pencil Style Digital Durometers with a 1/2" diameter base (1.3cm) and overall length will allow the durometer to be used in confined or hard to reach areas with 0.1 reading resolution. A knurled surface gives a more secure grip when making hand held readings.

All Digital Durometers come complete with Electronic Max Hold feature, Test Block, Carrying Case and a **NIST traceable certification**. PTC Metrology is accredited by A2LA to ISO/IEC 17025:2005 and ANSI Z-540.

Specifications

- Meets or exceeds current ASTM D2240 Specs
- Range (Type D) 0-100 points
- Accuracy of ± 1 Point
- Height 6 in. (15.2 cm)
- Width 2-1/4 in. (5.7 cm)
- Depth 1-1/2 in. (3.8 cm)
- Weight 13 oz. (170 g)
- Shipping Weight 4lb (1.4kg)
