INSTRUMENTOS DE MEDICIÓN INDUSTRIAL

CLEAR VIEW WHEN SPACE IS TIGHT

Wohler VE 400 HD Video Endoscope

HD inspection of inaccessible cavities

Wohler VE 400 HD Video Endoscope

HD inspection of inaccessible cavities

With the Wohler VE 400 you always have an overview, no matter how narrow the space becomes. No matter if sink, boiler, double wall or flue gas line, from an opening diameter of 0.25" you get a razor-sharp view. The possibility to switch between the forward-looking and the 90° camera lens integrated in the probe gives you a full view in any location. Due to IP 67 protection class water is of course no problem. Infinitely adjustable LEDs integrated in the probe head and the possibility of recording videos and photos on SD Card round off the device for professionals.

- ▶ Large 5" HD colour monitor
- ▶ IP 67 waterproof probe
- ▶ Image and video recording on Micro-SD Card
- ▶ Additional lamp on the device with 4 LEDs to illuminate the inspection area
- ▶ 0.15" probe for smallest inspection openings
- ▶ Switchable 0° / 90° straight / side view probe 0.22"
- ▶ Probe length up to 10 ft

⚙️ Functionality

HD inspection:

- ▶ Inaccessible cavities through smallest openings from 0.25" (e.g. tile cross)
- ▶ Pre-wall installations, sinks, drain pipes
- ▶ Fireplaces, combustion chambers, connectors
- ▶ Inspection openings and fire dampers
